

EXPAND YOUR OUTDOOR LIVING WITH A PERGOLA KIT

There has never been an easier pergola kit to install than our kits from Western Timber Frame. With our easy interlocking corners and drop-in rafter layouts, most of the hard work is already done for you in our shop for quick and easy installation. Our unique corner systems allow for a quick snap together beam-to-post application. This system also reduces future warping, twisting, and gap exposure.

"The quality of their work is outstanding."
~Dennis W, Marriott, UT

TIMBER PERGOLAS

The roof was a piece of cake to install because everything was so well laid out and marked with no guess work.
~Helen O.W. Rochester, MN

"It has been an enjoyable process, working with Western Timber Frame.

It had all been measured perfectly. I would certainly recommend Western Timber Frame to anyone who wants a first-class job along with a great experience."
~D. O'Brien, Holladay, UT

Choose Western Timber Frame and enjoy peace of mind, as we continue lead the industry in quality and design.

We cut, stain, and finish each piece of timber individually in our shop.

We offer a wide variety of designs to build the backyard of your dreams. You choose the style and the color and we will do the rest in building you a beautiful timber structure that your family is sure to enjoy for generations to come.

We continue to provide the highest quality timber frame pergolas and products across the Nation.

"Besides being an impressive structure that exceeded our expectations, the quality of workmanship was of a very high standard. Would I recommend Western Timber Frame to others? You bet!"
~B. Maxwell, Pleasant Grove, UT
