## TIMBER PERGOLA KITS

Our premium Timber Pergola Kits are made with #1 grade Douglas Fir rough-sawn timbers, which are pre-cut, drilled, notched with roof layout, and pre-stained with two coats of UV-rated stain, which makes installation even faster and more convenient!

### ORDERING YOUR NEW PERGOLA IS SIMPLE:

1. Choose the type and size of Pergola Kit you want.
2. Choose your beam profile, knee brace, and stain color.
3. Your pergola will be delivered curbside with simple, easy-to-follow instructions for assembly.

“I am so impressed with the craftsmanship. The beams fit together perfectly and I can't even tell where the joints are. . . all the timber was pre-cut and stained, ready to be installed. Nothing had to be re-cut. It had all been measured perfectly.”

—Devon O'Brien, Holladay, UT
